

## Hunt Midwest

**J.R. HOLLAND, JR. (JIM)**  
**Chairman of the Board**  
**Hunt Midwest Enterprises, Inc.**

Jim Holland is chairman of the board of Hunt Midwest and has served as president and CEO of Unity Hunt, Inc. since 1991 and is now chairman of the board. Unity Hunt is a large, diversified private company involved in energy/resources, sports/entertainment, consumer/services, healthcare, real estate, and investments. Previously, Mr. Holland was chairman and CEO of Nedinco, Inc., a large, diversified international holding company involved in computer software, technical consulting, investments, retail and real estate management services. He served as president of Western Services International, Inc., a public company involved in the international oil field services, equipment, and chemicals businesses. Prior to that, he was president of KSA Industries, Inc., a private, diversified company involved in sports/entertainment, energy/resources, healthcare,

transportation, retail, and investment businesses. Mr. Holland began his career with Booz, Allen & Hamilton, Inc., a major management consulting firm where he was a principal in the mergers and acquisitions practice.

During his career, he has served as chairman of the board of seven companies and a member of the board of directors of over 50 companies, both public and private. Jim has served on boards at two universities, Carnegie Mellon University and University of Denver. Also, he is a member of three Halls of Fame: Oklahoma State University, Duncan Oklahoma Foundation and Pi Kappa Alpha Foundation.

Charitable and professional affiliations have included serving as United Way – Vice Chairman. He has been affiliated with two Leadership and Forum Service organizations. Also, he was an officer of the Planning Forum, and is on the board of directors of the National Association of Corporate Directors and Lead Directors Network in Texas.

Jim received his M.B.A. from the Graduate School of Industrial Administration of Carnegie Mellon University with honors. He received his B.S. in Chemical Engineering from Oklahoma State University with honors. Jim and his wife Diane reside in Dallas, Texas.
